Riding Mower Gives a Bumpy Ride. A rough ride or jerky idle can be caused by a lack of oil. Check the oil and change it regularly. Repair - It ' s time to call Sears Home Services for a riding mower repair. Riding Mower is Out of Oil. Just like a car, letting your tractor run out of oil while it ' s operating is an expensive mistake.

~~Common Riding Mower Problems - Sears Home Services~~

Replace the riding mower air filter. The air filter traps debris from air entering the carburetor. A dirty air filter could be the problem if the engine stalls after starting or the engine runs rough or sputters. The carburetor won't get enough air to mix with the fuel for combustion if the air filter is dirty.
