A project Synopsis is a detailed description of what a project is proposed to do. The synopsis contains technical details of various project requirements along with working flow. A project synopsis format may vary as per the project and university. Each university has a different format for synopsis. It is nothing but a document containing project specifications and requirements in a formatted ...

~~Get Project Synopsis~~

A project summary provides a comprehensive and efficient overview of an entire project's details. This is important because as the project progresses towards completion, it gets tougher and tougher to take note of its relevant information. It also makes it easier to review its highlights when presenting it to an audience. If you're unsure of how you can piece a project summary, don't ...
