examines the social behaviour of humans and animals in a contemporary Mongolian herding society. After living with Mongolian herding families, Dr Fijn has observed through firsthand experience both sides of the human-animal relationship.

Living with Herds: Human-Animal Coexistence in Mongolia ...
After living with Mongolian herding families, Dr Fijn has observed through firsthand experience both sides of the human-animal relationship. Examining their reciprocal social behavior and communication with one another, she demonstrates how herd animals influence Mongolian herders' lives and how the animals themselves are active partners in the domestication process.

Living with herds : human-animal coexistence in Mongolia ... Humans are definitely not herd animals. herd: a large group of animals, especially hoofed mammals, that live, feed, or migrate together or are kept together as livestock. Humans are the most social animals on the planet. The most complex languages, the only animals that read and write and have the most varied play and art.
